

# THE ULTIMATE FAT BURNING PROTEIN!

ASN Advanced Sports Nutrition's HP-100 SHREDDED brings you the latest in fat burning protein technology. This revolutionary fat burner protein will help you burn body fat fast, put on shredded lean muscle while allowing you recover at a faster rate than you have experienced before. Unlike other Fat burner Proteins on the market, ASN's Shredded offers advantages unmatched by our competitors. HP-100 Shredded is lactose and gluten free and contains only natural sweetener to help you reach the next level in your fitness goals.

Other products contain poor quality materials and use inferior blends such as WPC & WPI that contain lactose as well as other impurities (fillers, artificial colours etc.) These inferior materials can affect the results you achieve and can lead to bloating and digestive discomfort while diminishing your ability to burn fat and put on lean muscle. Our superior blend is comprised of materials found in HP-100 & Xtreme Cuts Plus, products that have had an amazing reputation in the sports nutrition industry over the last 16 years. Like all of our products HP-100 Shredded comes with a money back guarantee on Quality, Purity & Performance that is unmatched by our competitors.

**RECOMMENDED USE:** Take 1 serving (heaped scoop 28g) in the morning & 1 at lunch.

## **LOOSE 5-6 KG IN JUST 8 WEEKS!!**

To maximize the results when using HP-100 Shredded we are offering the ASN's Maximum Fat Loss Training Program for free to our loyal athletes and customers.

Combine this amazing 12 weeks training program with HP-100 Shredded and speed up your fat burning potential as you experience the fastest transformation you can imagine.
